EFCO Emirates Façade, is a leading firm specialized in the industry of custom engineering and manufacturing of energy-efficient high performance windows, curtain wall Systems, storefronts and entrance systems.

EFCO was founded in 2005 with a solid international relationships network to serve and develop the construction industry in Middle East Market. EFCO is a fast growing company with a dedicated professional team big enough to deliver, yet small enough to listen. EFCO concentrates on unique engineering jobs which add value to the building design and sustainability.

In order to achieve this goal, we adhere to the same principles and values that shaped who we are today. EFCO welcomes opportunities to build on its commitments to technology, innovation and total satisfaction by keeping pace with the evolving needs of our customers. It is a commitment that doesn’t stop with our products. EFCO has made it a priority to be a proponent of energy conservation and recycling during manufacturing.

EFCO provides customized engineering solutions and value-added services to construction industries, our clients and final end users, by implementing effective creative solutions which successfully integrate people, materials, information, equipment, capital, and energy.

This will create a successful partnership with them not only throughout the construction process, but also during product lifespan. Our pledge is to establish everlasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance, extraordinary efforts, unique quality, and commitment by every member of our team.

Authorization Letter

To whom it may concern,

We hereby confirm that Mr. EFCO Group is an authorized Schüco Systems fabricator and installer based in Abu Dhabi, United Arab Emirates.

Schüco's support to Mr. EFCO Group includes the following:

- Concept designs and technical support
- The supply of Schüco Systems genuine material (Aluminum/Accessories)
- The supply of Schüco genuine punching tools and equipment to fabricate and install the system.

This authorization is for the above-mentioned fabrication facility/company only. No fabrication or installation activities whatsoever may be carried out by and/or associated to any other entity or facility, including but not limited to those owned by the above-mentioned fabrication company, without the prior written consent of Schüco Middle East.

Schüco Middle East is the sole Schüco subsidiary authorized by Schüco International KG (www.schuco.com) to sell genuine Schüco aluminum profiles and accessories in the Territory. Schüco Middle East is also the sole entity authorized to approve, appoint, and authorize Schüco fabricators in the Territory, and is the only Schüco subsidiary authorized to sell un-fabricated profiles and accessories in the Territory.

If the profiles are sold in mill finish, powder coating should be done by an approved applicator with approved powder coating materials.

This authorization has a validity of one (1) year from the date of issuance.

Please do not hesitate to contact Schüco Middle East should further details and/or clarifications be needed regarding this authorization.

Yours truly,
